

Diana Silva

Designer who builds. Developer who designs.
Bridging visual intuition and technical execution — across frontend, data, and brand.

diana_gomesilva@hotmail.com [linkedin.com/in/diana-silva](#) [portfolio](#) Braga, Portugal · Remote-ready

ABOUT

I design things. Then I build them.

Junior frontend developer and data analyst with a background in industrial design, project management, and corporate data operations (IBM · Unilever Brazil). Proficient in HTML/CSS/JS, C#, SQL, Power BI, and Adobe Illustrator. Available for remote or hybrid roles.

EXPERIENCE

Designer & Project Manager ANM Eventos	2023 – 2025
- Led end-to-end design and delivery for clients including Checkmarx and Casais — from brief to live event - Built brand identities, 3D models, and digital presence across all channels - Managed project timelines, supplier coordination, and stakeholder communication in parallel - Tools: AutoCAD · Inventor · Illustrator · Social strategy	
Accounts Payable Specialist IBM — BTO Business (Unilever Brazil)	2022 – 2023
- Managed financial data and reporting for a global FMCG client under strict SLAs - Performed cross-border supplier reconciliation across SAP ERP, AS400, and Excel - Operated within a high-accountability international environment, handling data at scale	
Co-founder Festival O Vadio (Non-profit)	Ongoing
- Co-created and run a community event in support of street cat welfare in Braga - Responsible for visual identity, communication, and logistics
